

Dana V. Rizk, MD

Professor of Medicine Department of Medicine
Associate Dean for Clinical Trials Research

Heersink School of Medicine
Director of Clinical Trials in the

Division of Nephrology
University of Alabama at Birmingham
Birmingham, Alabama, USA

Dr. Dana Rizk is Tenured Professor of Medicine in the Division of Nephrology and Associate Dean for Clinical Trials at the University of Alabama at Birmingham (UAB) Heersink School of Medicine. Her clinical and research interests revolve around rare glomerular diseases and, in particular IgA Nephropathy (IgAN). She has served as the site principal investigator on many clinical trials and is part of several multi-disciplinary translational research projects focused on the role of biomarkers in the diagnosis and prognosis of IgAN. Her research efforts have resulted in more than 80 peer-reviewed publications in prestigious medical journals including the New England Journal of Medicine.
