

Jonathan Barratt, PhD, FRCP

Professor of Renal Medicine
University of Leicester
Leicester, United Kingdom

Dr. Barratt leads the Renal Research Group within the College of Life Sciences, University of Leicester. His research is focused on a bench to bedside approach to improving our understanding of the pathogenesis of IgA nephropathy.

He serves as the IgA Nephropathy Rare Disease Group lead for the UK National Registry of Rare Kidney Diseases (RaDaR) and a member of the steering committee for the International IgA Nephropathy Network. He works closely with pharmaceutical companies on new treatments for IgA nephropathy and is a chief investigator for a number of international randomized controlled trials in IgA nephropathy.
